FEATURED PRODUCTS

Troxler ICO NCAT Oven

Product No. : GT-ICO

Key Features:

- Asphalt convection oven
- The fastest burns in the industry
- Simple to use and efficient
- ASTM and AASHTO compliant
- Superior serviceability
- Three nested sample baskets for high-mass samples
- Low emissions eliminate the need for an afterburner or filter
- A small footprint makes the oven portable and ideal for on-site labs
- No solvents are necessary
- An internal printer and Bluetooth® wireless technology provide multiple printing options
- Upgradeable software ensures a future-proof solution
- The oven is delivered fully assembled

Troxler NCAT NTO

Product No. : 4730/4731

Key Features:

- Asphalt infrared oven
- Integrated weighing system that continuously measures the bituminous weight loss during combustion
- Automatically displays the percent of asphalt in the mix
- The NCAT NTO has the ability to control the burn sequence during every minute of a burn cycle
- No temperature correction factors needed
- Portable (weighs only 63.5 kg/140 lbs.)
- Cleaner Burns (2/3 less emissions than produced by current technology)
- Time savings: Oven ready for testing in less than 20 minutes
- Current (choice of 15 amp, 120V or 20 amp, 208/240V line)
- Sample size up to 5,000 grams
- No filters or after burners to service
- No solvents
- Delivered fully assembled
- Superior service and support facilities in the U.S., Canada, and abroad
- NCAT Ignition Method

Forney 250k Compression Machine w/ Forney Link Display & Stand

Product No. : GT-FO10028

Key Features:

- Windows 7 display (or 10)
- High stiffness frame especially suited for high testing volumes and high strength concrete testing.
- Lexan doors for superior test viewing
- VFD/Auto control systems
- Tooling options available
- 3/4 hp motor
- Delivered as one piece

RDTX Transmitters

Product No.: GT-10TX1

Key Features:

- iLOC Bluetooth link
- Easily customized to match your chosen locator using the 'model' feature

- Direct connect, clamp or inductive mode
- IP65 ingress protection

RadioDetection 7100 SL

Product No.: GT-1071SL

Key Features:

- For the construction industry
- Four active and two passive frequencies that cover the majority of site locating task
- IP65

- High contrast screen
- Dynamic overload protection
- GPS enabled

RadioDetection 8100

Product No.: GT-1081PXL

Key Features:

- Current Direction and iLOC
- Up to 22 active and 5 passive frequencies

- IP65
- GPS enabled
- 3 year warranty

Stonex R35

Product No.: B20-220095

Key Features:

- Reflectorless mode: 600/1000 m
- Using single prism with millimeter accuracy: 5000m
- Users can choose and create their own onboard software
- Monitors the changes and automatically adjusts distance calculations

Stonex R25

Product No.: B20-220076

Key Features:

- Reflectorless mode: 500 m
- Using single prism with millimeter accuracy: 5000m
- Monitors the changes and automatically adjusts distance calculations

SUPPLIES

SURVEY & CONSTRUCTION (LIMITED QUANTITIES)

- | | MODEL | PRICE |
|---|-------|---------|
| Painted Lathe (Available in green, orange, yellow, blue, pink, and unpainted) | N/A | \$24.50 |
| Arctic Flagging (Available in red, green, blue, yellow, orange, and pink) | N/A | \$0.99 |
| Aervoe Paint (Available in red, orange, green, yellow, blue, and purple) | N/A | \$3.49 |
